

Clean & Protect
CLEAN & PROTECT

A revolution in cleaning technology

Natrusan[®]

WHAT DO YOU WANT FROM A CLEANER?

- High Quality
- Multi-Purpose & All surface
- Safe and Easy to Use
- Non-toxic & non corrosive
- Organically Engineered
- Lasting protection
- Cost Effective

Clean & Protect

CLEAN & PROTECT

A revolutionary All purpose cleaner that replaces the need for multiple conventional Sanitizers, Disinfectants, Enzymes, Bleaches and Biocides!

- Our unique electrostatic cleaning technology has been developed by U.K. scientists over the last 30 years to provide the highest level of long-term protection that no other SINGLE product can deliver.
- Safe to humans and animals
- Plant based, non toxic, non corrosive and biodegradable
- Ecologically sanitises to hospital grade standards
- Neutralises odours without leaving residual chemical smells
- Suitable for food preparation areas and taint free
- Removes Biofilm formation, algae dirt germs & insect infestation

Clean & Protect offers a superior level of cleaning which has been tested to BS EN 1276 and EN13697

Natrusan[®]

HOW IT WORKS...

1

Cleans a multitude of surfaces and materials and penetrates surfaces six times more effectively than water, and conventional cleaning methods

2

Effectively sanitizes against bacteria, mould, algae and germs leaving a protected environment that prevents re-contamination.

3

Breaks down and neutralises odours unlike other products that simply mask them with scents.

LABORATORY TESTED

**BRITISH STANDARD
EN 1276 &
EN 13697**

ELIMINATES THE NEED FOR SEPARATE DETERGENTS...

- **Multi-Purpose** - Acts as a detergent, disinfectant, and deodoriser
- **Fast-acting** - Eradicates oils, bodily fluids and grease quicker than conventional detergents
- **Time Efficient** - Dramatically cuts overall cleaning times, Long lasting protection
- **Unique Formula** - Combats a broad spectrum of Biofilms fungi, yeasts and germs
- **Removes Odours** - Eliminates odour creating enzymes rather than masking them
- **Penetrates Surfaces** - Penetrates up to 6 times more effectively than water, flushing out dirt, germs and odours.
- **Persistent** - Continues to work in dirty and hard water environments, unaffected by detergents or soiling

TICKING ALL THE RIGHT BOXES...

- **Long-lasting protection** - The unique microscopic protective shield helps surfaces stay clean for longer.
- **Non-toxic** - Safe on all food preparation areas and non hazardous to humans and animals.
- **Non-corrosive** - Environmentally friendly and biodegradable
- Odourless, Colourless & Taint free
- Effectively removes surface bio-films, reducing health risks
